

# THE BENEFITS OF USING PAYPAL FOR ONLINE CASINOS

Many of us used to fund our online casino accounts with debit or credit cards.

Today, more of us are using PayPal instead. But what are the benefits of doing so?

PayPal is a payment processor trusted by **173 million** users worldwide

They handled around **\$235 billion** of payments back in 2014

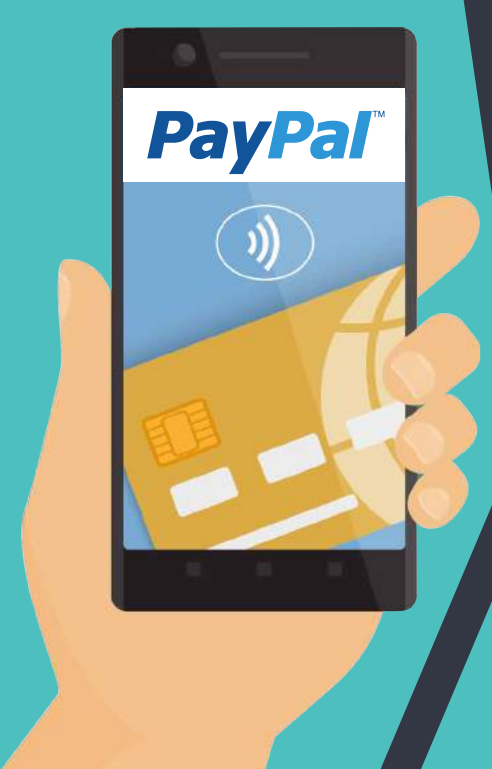

It's a convenient way to pay - all you need to do is enter your login details

**It's safe** - you don't need to enter any debit or credit card details

PayPal transactions are **secure**

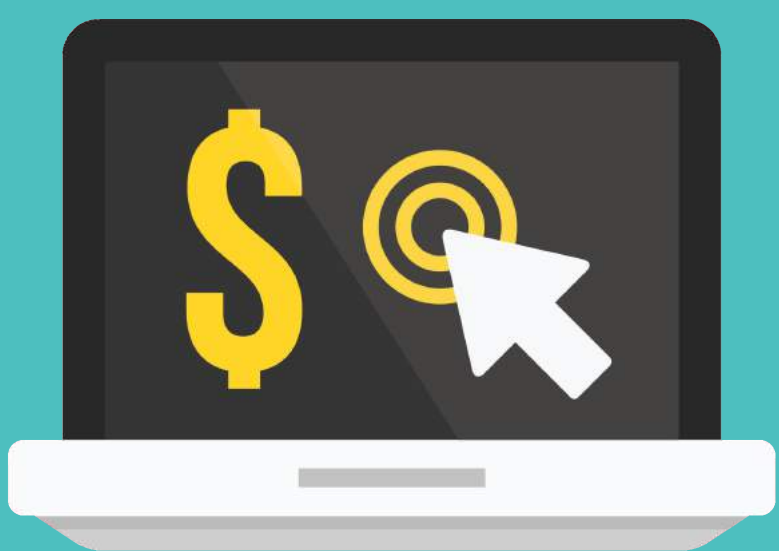

You can fund your PayPal account from **multiple sources**

People from **203 countries** can use PayPal

PayPal supports over **26 popular currencies**

You can withdraw casino winnings to your PayPal wallet

You don't need to remember your bank details

As you can see, PayPal offers a host of benefits over conventional payment methods!
