

HOW WORKFORCEU CAN HELP YOUR BUSINESS

IMPROVE YOUR OFFICE EFFICIENCY TODAY!

REPEATING YOURSELF

Tired of repeating yourself?

WorkForceU provides the tools necessary for employees to access the way you want your office to run.

NO COMPLIANCE PROGRAM

Do you fear a compliance audit by the authorities?

WorkForceU provides the training and platform to execute and enforce a mandatory compliance program for your business.

HAPHAZARD EMPLOYEE DOCUMENTATION

Do you dread properly documenting employee behaviors?

WorkForceU provides a complete suite of tools to ease the burden of employee documentation thereby protecting your business.

POOR EMPLOYEE PERFORMANCE

Do your employees lack productivity?

From the digital time clock to the office and procedures manual WorkForceU maintains employee accountability to your standards.

STAFF TURNOVER

Ever felt held hostage by an employee?

workforceu provides the system to easily train new hires so you never feel stuck with substandard employees.

WorkForce University®

is affordable cloudbased software helping small business owners achieve franchise level documentation of their employee behaviors, office procedures/standards & training.

Our benefits and features include:

Online digital/multimedia office manual that holds your employees to the standards & procedures that you set for your business.

Digital time clock automating your employee clock-ins but more importantly automatically documenting their behaviors.

Custom statistics component centralizing data from your other software or departments.

Digital employee task manager that can be monitored from anywhere in the world.

WorkForce University® also supplies a growing library of lessons that can be copied into your own business curriculum saving the time of creating your own video library.

Customized video training complete with quizzes streamlining your initial and cross training efforts.

Complete set of human resources tools easing the burden of HR documentation *improving protection against unwarranted employee claims.

Message center for efficient in office communications, eliminating the clutter of email spam.

Continuing education courses included for no additional cost, providing training such as HIPAA, to remain compliant with regulatory agencies.

Provide the components necessary to execute & enforce a compliance program. (required by federal law)

No money to get started.

No contracts.

You have nothing to lose except inefficiency and substandard employees.
